The Next Steps in our IPS journey

I recently attended the Independent Public Schools Alliance Conference in Brisbane where about 150 of the 184 IPS Principals came together to discuss their progress along the IPS pathway. It was apparent that each school had begun with some similar aspirations, but through seeking to progress and grow with and for individual communities, the look and feel of an IPS school has about 184 different faces. However, there are some strong commonalities. IPS opportunity and innovation is centred around some core areas. These include;

1. Improving Curriculum and Pedagogy .
2. Managing resources (financial, facilities etc) to deliver targeted outcomes
3. Innovations in Human Resource management that better deliver outcomes.
4. Developing partnerships which give the school/students some beneficial outcome.

Although we are in the early stages of our journey as an ‘official’ IPS, many of the changes we have made in the past few years have been in the areas listed above and are contributing delivering our school’s goals.

The development of the Glenview Curriculum (ACARA based) in Maths and English, the development of Digital technologies in coding and keyboarding, the introduction of our Personal Development program, the GLP program, the ‘Academy’ program for extending talented students, are just some of the innovations in Curriculum and Pedagogy. Significant resource decisions are also made locally including the maintenance and improvement of facilities and we have made some very real differences in how we use our teacher and teacher aide resources.

The fourth category provides us with some exciting possibilities as we develop beneficial partnerships with businesses, individuals and organisations such as the University of Sunshine Coast. As an Independent Public School we have options and possibilities to do amazing things.

New Research from the Grattan Institute - Extracted from

Widening gaps: what NAPLAN tells us about student progress - by

Pete Goss and Julie Sonnemann

“Learning gaps between Australian students of different backgrounds grow wider as students move through school. The gap between students whose parents have low education and those with highly educated parents grows from 10 months in Year 3 to around two-and-a-half years by Year 9. Even if they were doing as well in Year 3, disadvantaged students make one to two years less progress by Year 9 than students whose parents have more education. Importantly, the learning gaps grow much larger after Year 3."
This report introduces a time-based measure, ‘years of progress’, which makes it easier to compare groups of students. Rather than saying that a group of Year 5 students scored 540 in NAPLAN, we can say they achieved two years ahead of their peers. The new measure captures in plain language the rates at which students are progressing at different stages of their learning. The way we measure learning is vitally important. Without meaningful comparisons, we can’t see how far behind some students really are. In a typical Year 9 class, the top students can be more than seven years ahead of the bottom students, but NAPLAN’s minimum standards are set way too low to identify the stragglers. A Year 9 student meets the minimum standard even if they are reading below the level of a typical Year 5 student. Policymakers need to do several things: put learning gaps at the heart of school policy; give schools better support to target teaching at each child’s needs.”

Dr Goss and Dr Sonnemann have taken a new look at some of the data captured by Naplan testing and interpreted it in a different way. Predominantly their argument is that the comparison of a school’s ‘rate of improvement’ (called relative gain) is limited in its application by the flawed assumption that ‘improvement’ can be maintained at the same rate indefinitely. Essentially it is far easier both in terms of resources and strategies, to improve a lower performing school than a higher one. An analogy would be the improvement made in 50 m freestyle time by a beginner swimmer (possibly 10 – 20 seconds in a season) with that of an Olympic swimmer who may only improve fractions of a second in the same timeframe. The ‘relative gain’ measure favours the beginner, but who is actually swimming better?

The concept of ‘years of progress’ may actually give us a more comparable way of looking at individual progress but makes little sense when applied to cohorts. However it gives a very different view because the measure of ‘relative gain’ can actually help mask the fact that individual or cohort performance is still poor.

**Glenview happenings:**

8 June Athletics Field events
16 June Athletics Track events
17 June 5 Nations Soccer
13 – 24 June- Parent Interviews

**School Hours:** School begins at 8:40 a.m. and finishes at 3:00 p.m.

**Allergies and Anaphylaxis:**

Would you kindly ensure that all food brought into the school for lunches, snacks etc. is entirely free of any nut or nut related products. Your cooperation here is vitally important to ensure that student’s lives are not put at risk.

GROUP C PARTY ON........

Congratulations Group C are the overall winners of the most money raised for the Coin Collection.

What a great fundraiser that was and we hope all the parents enjoyed the little helpers around the house.

Next Wednesday Group C will be rewarded with a pizza party for lunch break. Choice of Hawaiian Pizza OR Cheese and Tomato freshly delivered from Glenview Gardens. Have fun kids – enjoy your party.
STEM DAY WAS A BLAST

STEM Day was amazing and it was also fun. I couldn’t wait to make something. I didn’t think I was going to make snow and goo!
By Robert

Yes! Jess exploded a balloon. It got bigger and bigger. BOOM! I felt frozen when Jess froze the handball. I didn’t know STEM day could be so cool.
By Tyler

Jess blew up the balloons. They went bang! They went boom! I could smell fire and I could feel the ground shaking. It was the best day in my life, I yelled out “Jess you are great”
By Sarah

Bang! Bang! Jess was shooting dust rings out at the crowd. She also shot the teachers in the face.

STEM DAY WAS AWESOME!
By Ian

Yeeees! STEM day was finally here. I could not believe my eyes, it stands for Science, Technology, Engineering and Mathematics. Jess told us what to do to make goo slimy goo, a bit like jelly. I love GOO! That was the best day of my life.
By Abigail
“REMEMBER ME”

In Week Six Year 5 and 6 students participated in the Australian War Memorial’ Remember Me’ Soundscape Project. In August 2014, the Memorial launched the Roll of Honour Soundscape project. In essence the project invites school children from across Australia to assist in recording the name and age of one of the 62,000 Australians who died during the First World War. These voice recordings are then played in the First World War section of the Cloisters in the Commemorative Area. The rationale for this and other centenary projects is to engage young Australians in developing their understanding of and connection with Australia’s involvement in conflicts past and present, including the First World War. Glenview is very proud to have participated in the project, in the process instilling a sense of pride and social responsibility in our students. Well done to the Year 5 and 6’s for participating in a mature and humble manner.

A WORD OF THANKS

We have been blessed this year with two of our business families offering to sponsor the sports day ribbons. A very big thank you to Jess and Jonny at SMP Plumbing and Ang and Scott at Boomtown Tiling. Your generosity is very much appreciated.. Thank you!
INDIVIDUAL CHESS CHAMPIONSHIPS

Last week twenty two of our students took the challenge and competed in the *Sunshine Coast Regional Chess Championships*. Every one of them can be proud of how they performed and the way in which they represented their school.

In the ‘deep end’ of the Primary pool, Kai N, Ben, Drew scored well with 4 wins from the 7 games and Locklan on 3.5 was up there too.

In the up and coming section, the Under 10’s, Mack was very impressive with 5 from 7 (a merit) and we saw some fine Chess from Emily, Kai G and Nate scoring 4/7.

With the little ones, the Under 8’s, Thomas Homer came in 6th Place on 4.5 points, also a Merit!

What a great day, mixing with 324 students from Caloundra to Noosa and engaging in seven games, over five hours of intense thinking!

Well done everyone!

GLENVIEW VS CHEVALLUM

On Monday the 23rd of May the open boys’ soccer team travelled to Chevallum State School to play their first game as a team. Despite some short notice and small numbers, all players put in a mammoth effort and represented Glenview State School with integrity and pride. Special mentions to all players, as their second half performance was outstanding! Unfortunately, we will not play any more games in this particular tournament, however the Five Nations tournament is not so far away! Bring it on Glenview!

Good Luck to Emily and Shilah who are running in the Regional Cross Country trials today.
Last Friday, on a brisk autumn morning, 60+ students walked to school together. It was a lovely way to start the day but not as good as eating a sizzling sausage in white bread with tomato sauce. Ross maned the BBQ and those sausages were waiting for us when we arrived at school.

Mrs Murray led the charge from Isambert Road and Ms. Tilbrook walked from the other direction. We collected students and dogs along the way. Two inquisitive horses would have joined us too if they could get out.

Health agencies would like to see more students walking to school and reaping the benefits of an active lifestyle. Everyone enjoyed the walk today and it is a great initiative.

Facts: 1523 students registered from 51 schools in the Sunshine Coast Council region. Altogether they travelled over 2700kms.... That’s like walking from Adelaide to Perth.

As part of the promotion council had a prize drawn for students that registered with them on line. One of the winning students was Michael from Group G. Well done

Next meeting is Tuesday 14th June  in staff room at 6pm.
New members are always welcome. Come along and share your ideas.

We need your baking.

Our school athletics day is being held on Thursday 16th June. Each year the P&C run a “Pop up Tuckshop” for the day on Anderson Oval. We are calling for donations of baked goods (cupcakes, cookies, muffins etc.) to sell on the day. The children absolutely love having the chance to purchase the baked goodies from the canteen. Donations can be brought to school any time before the sports day and we will freeze them until the day. Alternatively, your donations can be brought directly to the canteen on the morning of sports day. Enquiries can be directed to Jodie on 0401264871.

Would you kindly ensure that all food brought into the school for lunches, snacks etc. is entirely free of any nut or nut related products. Your cooperation here is vitally important to ensure that student’s lives are not put at risk.

Helpers needed... Please consider if you can of your time to assist with the cooking or spare an hour serving of food on sports day. Rosters have been put up outside the lower grade classrooms. Giving just an hour makes a big contribution to running a successful event. Please pick a time that suits and pop your name on a roster.
**PREMIER’S READING CHALLENGE**

---

**It’s Premier’s Reading Challenge time again. Get your form from the Library! NOW!!**

The Premier of Queensland has challenged all Queensland school students to read 15-20 books by the end of August.

The challenge aims to boost children’s literacy skills by encouraging students to read widely for pleasure and learning, to develop their imagination, and to cultivate a passion for literature.

*Prep to Year 2 - read or experience 20 books – experiencing a book can include shared reading, listening and reading along or being read to.*

*Years 3 and 4 - read 20 books*

*Years 5 and 6 - read 15 books – because these books might be longer.*

The aim for the 2016 challenge is to reach a total of two million books read by Queensland school students.

Every student who completes the challenge will receive a Certificate of Achievement signed by the Premier.

For more information please see Mrs McDonald who is our school’s Premier’s Reading Challenge coordinator or visit the Reading Challenge website.

You can play a big part in your children’s future by encouraging them to be part of this positive initiative.

---

**LOST PROPERTY**

Has your child lost his or her jumper, lunch box or maybe a water bottle. It could be in our lost property box. It is over flowing again.

This is the time of year when jumpers get lost. So don’t forget to labels all items.

---

**SCHOOL BANKING – COMMONWEALTH BANK**

Don’t forget that **Monday** is School Banking day and students should bring in their weekly deposit. For every deposit made at school, no matter how big or small, students will receive a silver Dollarmites token. Once students have individually collected 10 tokens they can redeem them for an exclusive School Banking reward item in recognition of their regular savings habits.

To open an account go to your local Commonwealth Branch and request to open a dolomite account. Thank you for supporting the School Banking program at Glenview.

**Flying Snake Tail** reward is now out of stock.
**Field Events for Students 9-12 Years**

*Field Events (Shotput, Discus, Long Jump, High Jump & Distance Events)*

_for 9yrs – 12yrs only_

Wednesday 8 June 2016

Commence: 9am Andersen Oval.

Students to go straight to class at 8:40am Mark Rolls, Move to Anderson Oval as soon as possible for a 9am start, Bring school bag to oval as students will not be returning to the class room for the duration of the field events.

**Bring:** Sufficient food for the day, water, school hat, puffer if required. Students must wear shoes. Parents may wish to bring a collapsible chair for themselves.

This Program may be subject to change due to circumstances beyond our control

Events may finish earlier than indicated on this program.

**ALL WELCOME!**
