A WORD FROM OUR PRINCIPAL

Remember Every Day Counts!!!

The Next Steps in our IPS journey

Your School Council’s task is to look at the future for Glenview - to imagine what it could be and to then help it to happen. A number of interesting concepts are on the discussion list for our next meeting. If you have any thoughts or ideas on how we can improve please contact me or one of your School Council members.

The importance of the right Higher Education: from the Grattan Institute

Many recent science and information technology graduates are failing to find full-time work at a time when science, technology, engineering and mathematics (STEM) education is a priority for government and industry. Mapping Australian higher education 2016 shows that in 2015, only half of bachelor degree science graduates seeking full-time work had found it four months after completing their degrees, 17 percentage points below the average for all graduates. Among recent science graduates who found full-time jobs, only half say their qualification is required or important for their job – about 20 percentage points below the average. Although job outcomes improve over time, science bachelor degree graduates are less likely than other STEM graduates to work in high-skill managerial or professional jobs. This year’s edition of Mapping Australian higher education, Grattan Institute’s regular overview of key trends in higher education, focuses on STEM graduate employment. Despite poor employment outcomes, demand for science courses continues to grow. Prospective students thinking about studying science need to know that a bachelor science degree is high risk for finding a job. Often students need to do another degree to improve their employment prospects. While there are many more potential jobs in IT than science, a third of recent IT graduates looking for full-time work have not found it after four months. IT students are less satisfied with their skills development, and are more likely to leave their courses without finishing, than are other students. IT industry and professional bodies suggest that university IT courses need improving. Engineering graduates have better employment prospects than science or IT graduates. Three-quarters of new engineering graduates looking for full-time work find it within four months, and have the highest rate of professional or managerial employment of all STEM graduates.

Analysis of the 2011 Australian census shows that the median male bachelor-degree holder has lifetime additional earnings of $1.4 million, compared to the median male who did no further education after Year 12. For women, the estimated lifetime earnings premium is just under $1 million, compared to the median female who undertook no further education after Year 12.

The debate for and against ICT- is this really the question? From an article by Bruce Dixon and Sarah Einhorn.

As we move into the next iteration of ICT in schools – what are the pros and cons of a focus on technology? The School Council is considering our future ICT directions- this is just one article which has stimulated thinking.

“For more than three decades, educational technology has been a policy minefield. Lacking any incontrovertible proof of benefit, it has continually struggled to build a case for funding, yet paradoxically, it has commandeered a substantial percentage of educational budgets worldwide.”

After the initial exuberance of the first computers in schools in the early eighties had died down, so too, it seems, did the appetite for bold and ambitious thinking. Computer use conformed to school as it had always existed, and there was little evidence of any significant shift in thinking around the potential for technology, until the belated realisation, around the turn of the century, that any such impact was dependent on new models of access.
What was evident, was there had been a genuine lack of understanding of what a fundamental change in access to personal technology from the lab visit model to one of ubiquitous access would make possible, for both teachers and students. The introduction of such a radically disruptive shift was unprecedented in modern schooling history. Consequently, the early years of the 21st-Century saw a dramatic shift in thinking, and today with an estimated thirty million students world-wide with 24/7 access to their own personal, portable, fully-functional computer, one to one is now seen as inevitable by many educational leaders around the world.

By examining the challenges and policy decisions of a large number of high profile, large-scale initiatives around the world, it is possible to identify six key policy priorities that together could be called ‘world’s best practice’. A close review of these initiatives indicates that carefully crafted policies in these areas have been essential for a successful, sustainable initiatives that have delivered the best outcomes for students, teachers and the wider school communities. Most notably, a clarity of purpose, around the vision for a one to one initiative looms as the highest priority. It is indeed the foundation on which a program is made or broken. There is in fact sparse evidence of success for any ‘one to one’ program that hasn’t invested heavily in clearly defining the vision and rationale for such a commitment to all stakeholders.

The next priority challenges traditional assumptions around what, where and when access young people should have to technology. It helps define the pre-requisite infrastructure that will most appropriately support their learning. Third, is the challenge of funding sustainably for the long-term, for all students. Then, of course, at the very heart of any one to one deployment, is the critical need to develop a deep understanding of the impact that technology-richness has on teaching and learning, what it now makes possible, and the consequent, possibly urgent need, to explore new pedagogies for deeper and more powerful learning.

And finally, attention to all of these priorities, allows policy makers to be better informed about the technology choices they make; both at the device level and supporting infrastructure.

While technology is now an integral part of our lives, and has long been spoken about as a priority in our schools, it is seems reasonable to suggest that at many levels, most obviously in policy development, we continue to ‘miss’ the target. At the same time, we are seeing a major ramping up of spending on technology, and so the stakes are getting higher. There is an urgent need for vigilance and astute and rigorous policy leadership.

Car parking:
Please note: The staff carpark adjacent to ‘F’ block is staff only as the access, slope and tight spacing make it unsuitable and unsafe for general use. Please do not use this area.

Glenview happenings:
Evening of the Arts 17 November
Small School Swimming 25 November
Graduation Awards 7 December

Class preferences for 2017:
Should you have a preference for your child to be in any particular class in 2017, please advise by email before 11 November so classes can be constructed soon after.

School Hours: School begins at 8:40 a.m. and finishes at 3:00 p.m.
— Dr. Seuss, ‘Today you are you! That is truer than true! There is no one alive who is you-er than you!’

EXPRESSSION OF INTEREST FOR CLASSES IN 2017

As we prepare for a new school year in 2017, we are trying to keep changes to a minimum. Our class structure will (95% certain) remain the same as 2016, with 9 classes, groups A to I. There will be a Prep, Prep/1, 2 x 1/2, 2 x 3/4, 1x 4/5 and 2 x 5/6 classes.

Class teachers will remain largely as for 2016, with the same teachers with the various Groups.

At this time each year it is our custom to provide an opportunity for parents to express a preference for the particular group teacher in the coming year and, if desired, a preference for a particular friendship group. Each year we do our utmost to accommodate these preferences, however, as you will understand, there are some miracles we can’t do.

If you have preferences for next year

1 For a particular teacher or
2. For a particular friendship group

Please email me directly at the.principal@glenviewss.eq.edu.au by Friday 11th November.

ENROL NOW FOR 2017—ALL YEAR LEVELS

Contact us on 54 396 777 or go to our website for enrolment.

Our purpose is to ensure that every student leaves Glenview School with the confidence, capabilities, and skills to be a successful citizen of the world in the 21st century.

CONGRATULATIONS TRELYLESE

Trellyse was the lucky winner of Andrew Wallace Christmas card competition.

Mr Wallace said that Trellyse’s Christmas card stood out from all the rest. Her design will appear on the front of Fisher Electorate Christmas card, which will reach the Prime Minister and Governor General of Australia.

Well done Trellyse!
Hello parents/carers,
As our school year starts to come to an end the Christmas season begins. The R.I team is putting on a Christmas assembly called – The Best Gift for all of the children who have participated in R.I this year. Each class of R.I students have been working hard preparing a short Nativity piece to perform in the assembly. It should be a great afternoon of songs, stories, fun and celebrating the birth of Jesus. Parents/carers are welcome to come and watch your children perform.

When: 22th November, 2016
Where: The Hall
Time: 2:15pm start

If your child does not participate in R.I and you would like them to attend the Christmas show please inform the office and give a written note to your child’s/children’s classroom teacher/s.

Our team have greatly appreciated being able to be a small part of your child’s life throughout the year and are very much looking forward to seeing how well they all perform during the assembly.

Blessing from the R.I Team

LOST & FOUND

Found 2 collapsible chairs at the Beerwah Pool after the swimming carnival.
Found child’s watch on Andersen Oval after Italian Day.

MOVEMBER

It is that time of year again when men, women and students from Glenview IPS can wear a Mo for the day. The special day is the 28th of November, a Monday so we can celebrate at parade in the afternoon. The students are encouraged to make and wear a Mo, we have had some creative interpretations of moustaches in the past, they then bring a gold coin donation for the Movember movement. All money is donated to Movember to help with men’s heath problem including mental health.

We have some volunteers this year who are willing to grow a Mo, these brave men are our current 4th year student teachers, Tom Flynn And Peter Jackson. Watch this space as their facial hair evolves.
Last term the Mooloolaba Lions Club ran a writing competition for students in schools all over the Sunshine Coast. At Parade last week all the entrants were awarded certificates by our special Lions Club guests, Julanne and Fay. The three finalists for our school were Ella M, Eli C and Miller H and our school winner for the best story was awarded to Eli C who won a $50 voucher to spend at QBD Bookstore. Congratulations to Eli – a great story! Also our school library was presented with a $100 voucher. The 3 finalists’ stories will be on display in the Library – come in and have a read.

Thank you to the Mooloolaba Lions Club for encouraging and supporting our budding young authors.

Here is the first paragraph of the winning story by Eli C and also the beginnings of Ella’s and Miller’s stories. Come to the Library to read the rest and find out what happens....

**The Forest**  by Eli C, Year 5

My name is Ren Hunter. I am eleven years old and I live next to a forest. Each day I go there, to the forest and hear the whispers of the trees. Sometimes I sit and talk to the trees. Other days I sit and admire their beauty. Trees know more than you can imagine, the native people say. The natives are the wisest people I know – I trust them. The leader, Jagger Winkedo, allows me to go hunt with Jade his son. Jade is my age and we’re best friends. My life was great until the dark days came ...

**MARY**  by Ella M, Year 6

As Kendall climbed the ladder to the attic, she misplaced her foot and slid back down two rungs. Ouch! That would be a bruise her dance leggings wouldn’t cover. Although, that was the least of her worries. If her grandparents caught her up here, life was not worth living. Ever since her parents died in a car crash, her grandparents had been so strict. Kendall finished climbing and looked around. She picked up one of the old dusty albums and watched as a black and white photograph fell out. ...

**What’s in my bag?**  Miller, Year 2

One day my school bag had an interesting look about it. As I carefully undid the zipper I saw a slimy green monster. It smelled like stinky underpants and it had a very angry look on its face. I quickly zipped it back up. I pinched myself to make sure I wasn’t dreaming, then very slowly, I unzipped the bag again. This time it was even angrier! ...
A DAY AT THE V8 SUPERCARS - GOLD COAST

On the 21st October the year 5”s and 6’ s travelled to the Gold Coast to watch the incredible V8 supercars. It was an amazing day with lots of fun activities and great car shows. One of the highlights of the day was when a FA-18 RAAF fighter jet flew over our heads, the roar of the engines made us all jump. The other highlight was when cool cars were jumping up ramps and were getting airborne. We would like to thank all the teachers and parents who made the day possible.

*V8 supercars are awesome.*

By Emily, Kai G and Ben McC

SKATINGBOARDING

"Following a great Term of learning safe skateboarding skills with Mat from Chiggy's Skateboarding, a small selection of Glenview’s boys topped the lessons off with a session at Mooloolah skate ramps where they had a chance to show off what they have learnt. Well done boys and thanks to Mat for working with them so professionally."

SCHOOL BANKING EVERY MONDAY

If you wish to open a dollar mite account just pop into your local Commonwealth Bank. Once your account has been opened, banking is every Monday here at school. Drop your new bank book and deposit into the class room banking folder every Monday.

School Banking Rewards Program

Some great 2016 & 2015 rewards are still available!

- Outback Pat Bag Tag
- Wiggly Glow Worm
- Bush Fly Fan
- Intergalactic Rocket
- Outer Space Savers Money Box
- ET DVD
The annual Glenview Chess Tournament was held last Friday in the school hall. 33 students from years 2 to 6 took part in the gruelling day-long competition. Chess teacher Mr Tony Powell was very impressed with the concentration of the students and their sportsmanship. It was a very enjoyable and successful day. Thank you to Tony for all his hard work and to all the students who took part. Well done!

Winners will be announced at our end of year graduation parade being held on Thursday 8th December.

Uniform shop is open every Monday 3pm—3.30pm

or call Tracey to make an appointment on 0422 292 884
Wow – The weather was amazing and we all had an fantastic time. The day started with a walk through the parking lot viewing our very expensive and exclusive Glenview Ferrari cars.

A big thank you to all the staff at Glenview for supporting and running the activity stations for Italian day. I would like to thank Jodie Buemi for her passion and commitment to providing the school with an Italian meal experience. A big thank you to the amazing team that helped cook the large quantity of pasta, set up and serve a delicious Italian lunch. What a great Italian restaurant atmosphere for the all the students to enjoy.

The senior groups 3-6 were very busy. They had an opportunity to learn about the sport of fencing. They had the opportunity to use a foil and learn some fencing stances. Taste testing, a new gelato vendor, drawing the Mona Lisa and Ferrari racing along with cheese rolling were part of their day experience.

The junior group participated in 6 rotational activities. Taste testing and gelato being two of the most popular stations on the day. The Ferrari races were fast and furious with some minor fender benders on the race track. At our pit stop before lunch the junior group watched a popular Italian cartoon.

Thank you for the parents that joined in on the day. Hope to have you back for next year.

Signora Giuseppina
ITALIAN DAY
Last Friday the P&C joined in the fun at the Italian Day celebration. The children enjoyed the chance to dine in our Trattoria, “Mangiare”. A pasta lunch was served and the children relished in dining together, café style. A great big Grazie to Signora Giuseppina for organising a great event with lots of fun activities and experiences with an Italian twist. Of course we cannot make these events possible without dedicated volunteers.

Thanks must go to the kitchen crew Tracey Hahn and the University of the Sunshine Coast Brasserie, Bonnie Huang, Cian Yang, Sue McGrath, Sally McKee, Kylie Terrey, Stacey Lythgo and Jodie Adams, who did a fantastic job to serve 205 portions of pasta to very happy diners. Thanks too, Glenview families for getting behind us and supporting our fundraising endeavours. Your children reap the benefits!

Jodie

The P&C meet tonight for a general meeting at 6pm in the staffroom. Please join us and share your ideas. We will begin discussing fundraising projects for 2017. Expressions of interest for executive positions for next year are now being welcomed. Please contact any of the executive committee for info regarding role descriptions.

We are currently working on our next fundraiser the ‘Christmas Raffle’. We have donations from local businesses and though we would also ask the school community if you have a local business or have a friend that would appreciate the exposure, ‘Would you like to donate a prize?’

It may be a voucher or a physical item for a service or product. Please consider donating as it is a great way for the school community to learn about your business and have them visit or enquire. The P&C will do what we can to ensure you receive credit and exposure for your business as a result of donating.

To donate, please drop your voucher directly to the school office or contact 0433 097 779 to arrange pick up.

Thanks in advance. Kim

From Kim
THANK YOU TO OUR SPONORS

All the students from Glenview State School would like to thank our sponsors for our sport ribbons.

GLENVIEW PLAYGROUP PUPS

When: Wednesdays
9am—11am

Where: School Hall, or Kidz Bizz

What to bring: Morning tea will be provided
Who: Parents, grandparents, carers and children any age under 5

Any questions please contact Nikki on 5439 6777 Monday or Wednesday
Kidz Bizz would like to invite everyone to our NEW Before School Program, GymFit.

Starts Week 3
Wednesday 19th October

Glenview

7.30am Wednesday mornings at Kidz Bizz – fully supervised!

Included in the normal Before School Care price – Centrelink rebates apply!

Boxing – Gymnastics – Fitness
Includes half hour Gymfit class and breakfast too!

Run by our qualified fitness instructor and gymnastics coach Nikki Hanlon

BOOKINGS ESSENTIAL - Enrol at Kidz Bizz online or pop in to collect an enrolment form
Congratulation to the following students who have been nominated for the Small School Swimming Carnival on 25th November.

Notes were sent out last week.

Please note there will not be a bus available, parents please organise own transportation to this event. If your child does not wish to attend please contact Noleen in the office as soon as possible so we can organise a replacement.

Good luck team.

COMMUNITY NOTICES

On Saturday, 12th November Kawana Waters Surf Life Saving Club with the support of Defence Force Recruiting and Surf Life Saving Queensland, are holding an Open Day to showcase Lifesaving and Defence equipment and assist in recruiting much needed members for Kawana Waters SLSC.

The event will showcase state of the art defence and lifesaving equipment and provide a great family day out with activities including OzTag, face painting, jumping castle and lots more.

The Westpac Lifesaver Helicopter Rescue Service will be attending, performing a rescue demonstration and landing. Defence will also have large equipment attending and come along to the Defence Force Recruiting Marquee and talk to current serving ADF members. With more than 250 jobs on offer, there has never been a better time to find out more.

Hockey is a winter sport and the 2017 regular hockey season will start in Feb/Mar 2017, but players can register their interest at any time on our website [http://brhc.com.au/registration/](http://brhc.com.au/registration/)

Here is some information about the 2016 season (just finished) but the 2017 season will be very similar [http://brhc.com.au/playing/](http://brhc.com.au/playing/)

This is a more informal 6-a-side competition which individuals or teams can nominate to play between now and Christmas.

Triathlon Queensland’s 2016 All Schools Triathlon is returning to Lake Kawana in 2016 and spots are selling out fast. Don't miss out and secure your spot now!

Challenge yourself to gain selection in your regional team and compete at the Queensland School Sport Triathlon Championships.

**Primary Aquathlon** 1km run - 200m swim - 1km run  
**Junior Triathlon** 400m swim - 12km ride - 3km run  
**Intermediate Triathlon** 600m swim - 16km bike - 4km run  
**Senior Triathlon** 750m swim - 20km bike - 5km run

For the kids (7-9 years), why not give the Kids Aquathlon a go. Have fun swimming and running across the finish line with your friends at Lake Kawana!

**Kids Aquathlon** 500m run - 100m swim - 500m run

With a protected swim in Lake Kawana and closed roads for the ride and run, the 2016 All Schools Triathlon is a must do on the junior triathlon calendar.

For more information and to enter visit [www.allschoolstriathlon.com.au](http://www.allschoolstriathlon.com.au)
